

# *Patient & Family Advisors Needed!*

I value your point of view and your partnership. I'd like you to consider becoming a Patient/Family Advisor. Advisors volunteer to help us review and develop policies, programs, education materials and forms. They also provide input on quality and safety efforts and facility planning. Patient advisors help us design better processes of care.

Would you be interested in volunteering to be on a Patient Family Advisory Council? Please contact Jill Dubisar at 541-526-6660 to get more information about this unique opportunity.

Sincerely,
